Hi Marjorie,

Bobbie Meyer of Carolina Pregnancy Care Fellowship asked about her role and accountability for the sub-recipient of their appropriation. It is my understanding that this is one contract they are responsible for reporting and use of funds. Please provide any additional information that I may not have. Their purpose of funding is very specific in the report:

Carolina Pregnancy Care Fellowship Provides funds to the Carolina Pregnancy Care Fellowship (CPCF). CPCF shall use \$800,000 to purchase durable medical equipment for clinics that apply to the Fellowship for such equipment. Up to thirty thousand dollars (\$30,000) in each year may be used by CPCF for administrative purposes. Up to \$170,000 may be used each year to provide grants to clinics for training on the use of durable medical equipment. The remaining **\$300,000 is provided for the Human Coalition** to develop and implement a two-year Continuum of Care pilot program at its Raleigh Clinic. The pilot program shall provide care coordination and medical support to women experiencing crisis pregnancies.

The revised net appropriation for the Carolina Pregnancy Care Fellowship is \$1.3 million in each year of the biennium.

Fund Code: 13A1

Leigh

Hi Bobbie,

Please see the attached Committee Report #‐89 on page G‐51 or below for the funding purpose as provided by the legislature. If you need to add anything addition, I will incorporate into the contract packet.

Carolina Pregnancy Care Fellowship Provides funds to the Carolina Pregnancy Care Fellowship (CPCF). CPCF shall use \$800,000 to purchase durable medical equipment for clinics that apply to the Fellowship for such equipment. Sorry, had calls and meetings and just now seeing this. Here are my thoughts.

On slide 9, I would take out the last part about “some of these . . . CFTF . . .” because the CFTF makes recommendations for funding for programs but has not advocated for carve outs to block grant funding for those programs and wouldn’t want them to interpret it that way. Wouldn’t discourage you from pointing out that some of the programs CFTF has recommended funding for have ended up being block grant funded. Hope this makes sense.

Slides 10 and 11, would consider reversing them.

Only other thing is to consider running this by Belinda, she has been doing this way longer and knows way more about how to explain all of this to CFTF!

Thanks again!!

**Subject:** CFTF presentation

Kelly,

Thanks again for being willing to present at our September 26th meeting of the Child Fatality Task Force. We'll be meeting from 10 am until 1 pm in room 1027/1128 of the legislative building at the General Assembly in Raleigh, 16 W. Jones St.

Attached is a draft agenda for the meeting. Please check the agenda and let me know if you would like for me to make changes to your professional title or the title of your presentation. Also, please note the time that I've allotted for you which includes time for the presentation as well as brief Q & A. If there are any issues with your time segment, let me know as I may be able to adjust. Please let me know of any needed changes by this Wednesday, September 20th, as we will be posting the agenda to our website.

**If you plan to do a power point presentation, it would be great if you could send it to me by noon on September 25th**, so that I have time to get legislative staff to post it on the CFTF website for those calling in to the meeting to be able to follow along. (Presentations sent after this time may or may not get posted prior to the meeting, but will be posted.) I will bring your presentation to the meeting on a flash drive and load it on the computer, but please bring your own flash drive file as well so that we have a backup.

A couple of things to be aware of:

- The screens that will display power point presentations are large TV screens that are smaller than the typical white screen, so **it's best to avoid dense, small font type on your slides or your audience will not be able to see your slide content.**
- You are welcome to bring handouts to supplement your slides and if you do, it would be helpful if you submit them ahead of time with your slides so that they can be posted for callers. The number of copies needed for this meeting is approximately 50.

Let me know if you have any questions. And if you have any last minute issues the day of the meeting, please call or text my cell phone, 919-218-1758.

Thanks again!

Kella
